MEMORANDUM FOR HEADS OF DESIGNATED EXECUTIVE DEPARTMENTS
AND AGENCIES

FROM: Joseph R. Wright, Jr.

SUBJECT: Agency Operations in the Absence of Appropriations

1. Once again, regular appropriations bills for some Executive branch departments and agencies may not be signed into law by midnight Sunday, September 30, 1984. Thus far, only four of the regular appropriations bills for FY 85 have been signed into law: Commerce/Justice/State; Energy/Water; HUD/Independent Agencies; and the Legislative Branch. However, the following nine (9) have not:

- Agriculture and Related Agencies
- Defense
- District of Columbia
- Foreign Operations
- Interior
- Labor, Health and Human Services, Education
- Military Construction
- Transportation
- Treasury, Postal Service, and General Government

2. While it is possible that some of the above bills could be signed before midnight, September 30, the Congress is currently considering a Continuing Resolution to provide funds for those agencies whose appropriations bills will not be completed by that time. Naturally, the President hopes that an acceptable Continuing Resolution will be enacted; however, prudence dictates

-2-

that fully operational contingency plans be in effect if this does not happen. Each affected agency therefore should begin to engage in active contingency planning as if an appropriations hiatus will occur at midnight September 30, 1984.

3. A list of agencies affected by the Continuing Resolution may be found in the appendix to this memorandum.

4. OMB Bulletin 80-14, dated August 28, 1980 (and amended by the OMB Director's memorandum of November 17, 1981) requires all agencies to maintain such plans to deal with an appropriations hiatus. Furthermore, the Attorney General's opinion dated January 16, 1981, supporting this bulletin remains in effect. In general:

- o All employees of affected agencies performing non-excepted activities (as defined by the Attorney General's opinion) are not permitted to perform any services other than those involved in the orderly suspension of non-excepted activities.
- o The Antideficiency Act does not permit agencies to accept voluntary performance of non-excepted services.
- o Agency Heads make the determinations that are necessary to operate their agencies during an appropriations hiatus (within the guidance established by the Attorney General's opinion and this Memorandum, and pursuant to normal agency processes for the resolution of issues of law and policy).
 - Questions that cannot be answered by an agency should be addressed to their OMB budget examiners or to OMB Counsel Michael J. Horowitz (395-4852).
 - Any unresolved legal questions relative to the construction of the Antideficiency Act will be jointly referred to the Office of Legal Counsel of the Department of Justice.

5. Affected agencies should review their September 1983 shutdown plans. Any changes should be submitted to their OMB budget examiners by c.o.b. today. If no changes are submitted, OMB will assume that the September 1983 shutdown plan is in effect.

- o Excepted Employees -- All excepted employees pursuant to the agency plan and the Attorney General's opinion of January 16, 1981, should be instructed on Friday, September 28 to report to work on Monday and to perform their excepted duties.

-3-

- o All Other Employees -- All regular employees performing non-excepted activities should be instructed on Friday, September 28, to report for work on Monday, October 1 as scheduled in the absence of an enacted Continuing Resolution. At that time, OMB will have informed affected agencies whether an acceptable Continuing Resolution is likely to be enacted on that day. If not, instructions will be issued for affected agencies to initiate phasedown activities for non-excepted employees. Such phasedown activities for non-excepted personnel, if called for, should be completed during the first three hours of the Monday, October 1 workday.

6. Please assure that your agency is in close touch with OMB examiners as planning proceeds on this matter, and please be prepared for OEOP planning meetings at the General Counsel/Assistant Secretary for Management level that may be called for late Thursday, September 27, or Friday, September 28. OMB examiners should be notified immediately of any problems relative to full compliance with this Memorandum or the Attorney General's opinion.

APPENDIX
